PROFESSIONAL SUMMARY

Results-driven Full Stack Web Developer with over 5 years of experience delivering high-performance, scalable, and user-centric web applications. At DevHouse, I play a key role across front-end, back-end, and UI/UX, turning complex ideas into polished digital experiences.

WORK EXPERIENCE

Software Engineer   Dec 2024 - Jan 2026

Devhouse · Basra, Iraq

- Designed and implemented multiple web systems in collaboration with UI/UX designers and cross-functional teams.
- Translated business requirements into scalable, maintainable solutions while ensuring smooth system integration.
- Contributed to improving development workflows and code quality across projects.

Software Engineer   May 2024 - Aug 2024

Gulf Falcon General Trading LLC · Basra, Iraq

- Managed and maintained company websites and digital services as a Web Administrator.
- Developed and enhanced internal and external web solutions to support business operations.
- Ensured website reliability, performance, and content updates.

Software Developer (Front-End)   Sep 2023 - Jan 2024

LVN · Basra, Iraq

- Worked as a front-end developer to improve and modernize the company's system interfaces.
- Implemented responsive UI components and enhanced user experience across platforms.
- Collaborated with team members to deliver features aligned with project goals.

Full Stack Developer (Freelance)   Dec 2024 - Jan 2026

Freelance · Globally

- Delivered full-stack web applications for local and international clients.
- Handled end-to-end development including UI/UX design, front-end, back-end, and database integration.
- Worked directly with clients to gather requirements, propose solutions, and deliver on time.

SKILLS AND TOOLS

JavaScript (ES6+) · TypeScript · React.js · Next.js · Tailwind CSS · HTML5, CSS3 · Node.js · NestJS · Express.js · RESTful APIs · Authentication & Authorization · PostgreSQL · Prisma ORM · Git & GitHub · Figma · Echo API
